WHAT DO THEY NEED

- Football
- Bat
- Ball
- Markers

FIND OUT WHAT ELSE
WE ARE UP TO:

HOW TO SET UP

HOW TO PLAY

One batter or kicker and a bowler with the rest of the players fielding. The aim is for the batter to hit or kick the ball into space. The the batter runs to the score markers until the ball gets back to the bowler or for 1 minute. Each time the the batter reaches the scoring marker they score a point. After the time is up or the ball returns to the bowler, the batter swaps with another player.

HOW TO KEEP
COVID SAFE

This game can be played with people outside of your household as long as social distancing is maintained. Wash hands before and after playing. Use hand sanitiser every time a new person is on. Follow Government Covid-9 guidelines.

Very good for developing mental maths skills whilst doing other activities. Good team building skills when fielding. Opportunities to grow leadership skills as an umpire (referee).
